NEXORA COMMERCIAL FUNDING OS

Pricing & ROI Value Justification

For the independent, solo operator commercial funding broker. Florida first.

One time setup fee. You own the system.
Luxury Broker Website
Florida Business Lead Finder
AI Lead Scorer
One Click Outreach CRM

Version 2, after legal review. Prices in USD. Sources checked Oct 26, 2026.

01 THE PROBLEM: ONE BROKER, EVERY JOB

As a solo broker you are the marketer, the closer, the funder liaison and the back office. Every hour spent building call lists, copying data between tools or chasing records that were never a fit is an hour not spent on submissions and closings. Buying leads adds a cost that resets every month: published prices we checked run **$15 to $60 per real time MCA lead and $0.20 to $1.00 per aged record**, paid upfront plus a 4% processing fee [S14]. Renting a CRM adds a seat fee that never ends, and the system is never yours.

02 WHAT IS INCLUDED

Component	What it does for you
Luxury Broker Website	A custom, mobile first site with product pages for MCA, equipment, SBA and working capital, a secure application form that records consent with a timestamp, and your actual business address and phone shown, as Florida requires for broker advertising [S18].
Florida Business Lead Finder DESIGN PENDING CEO DECISION	Built on the official Google Places API (New), not scraping. Search Florida businesses by county, city and industry for research and map or detail display with Google attribution. The tool stores Google place IDs only (allowed indefinitely) and refreshes details on demand under Google's caching rules [S5, S6]. It does **not** export Google business names or addresses into a permanent outreach list. Outreach targets should come from your own applicants, inbound leads, or other lawful sources; use live Place Details only as permitted by Google's Terms [S4]. **Google API costs billed to your account:** NEXORA does not charge a separate fee for Google Maps access. You must open and keep your own Google Cloud billing account, accept the Google Maps Platform Terms of Service, and pay Google's published usage charges.
AI Lead Scorer	MongoDB Atlas Vector Search with the Voyage AI **voyage-finance-2** finance embedding model. Ranks your pipeline by similarity to deals you have funded before, using your own first party records (applications, intake notes, outcomes). It supports your judgment; it does not make credit decisions or predict approval. **Not a consumer credit score, not an ECOA or FCRA decision system, and not a prediction of funder approval. Do not use it as the sole basis for any credit decision.**
One Click Outreach CRM	Pipeline from new lead to funded and renewal. One click, human sent email, call and text from your templates, with consent, opt out and do not contact flags checked before every send. Funder submissions and commissions tracked. No autodialer and no prerecorded calls.

Ownership: *code and data live in accounts registered to you (hosting, database, Google Cloud, Voyage AI), so there is no NEXORA subscription to keep the system running. "You own" means cloud accounts and data registered to you, and the licence or assignment to custom code set out in the signed Statement of Work. It does not mean Google, Twilio, Voyage, or Vercel waive their own terms, or that NEXORA's preexisting frameworks are work made for hire unless the SOW says so.*

03 PROPOSED SETUP TIERS | PROPOSED, PENDING CEO APPROVAL

	Launch	Pro (recommended)	Elite
One time setup fee	$4,500 *PROPOSED*	$8,500 *PROPOSED*	$14,500 *PROPOSED*
Website	5 pages, application form with consent capture	10 pages plus 6 Florida city pages	15 pages, brand identity refresh, funding calculators
Lead Finder *(design pending CEO decision)*	1 metro region, up to 5 counties	All 67 Florida counties, industry filters, saved searches	Statewide plus 2 more states configured
AI Lead Scorer	Starter model on intake answers and a seed set of example deals	Tuned on your funded and declined history	Pro, plus a monthly retune for the first 6 months
Outreach CRM	Pipeline and one click email	Adds one click call and text logging, funder submission and commission tracker	Adds renewal tracker, dashboards, document checklist
Training and support	1 session, 30 days of fixes	2 sessions, 60 days of fixes	3 sessions, launch day support, 90 days of fixes

Optional Care Plan: $249 per month, PROPOSED, PENDING CEO APPROVAL. Monitoring, security updates, a monthly API cost review and up to 2 hours of changes. Cancel any month. Final scope and price are confirmed in a signed Statement of Work.

04 MONTHLY RUNNING COSTS YOU PAY DIRECTLY (NO NEXORA MARKUP)

Service	Published price (source)	Your estimate per month
Hosting: Vercel Pro	$20 per month; the free Hobby plan is for personal, non commercial use [S7]	$20
Database: MongoDB Atlas	Flex $8 to $30 per month; Dedicated M10 from $56.94 per month [S2]	$8 to $30 (Flex)
Embeddings: Voyage AI voyage-finance-2	First 50 million tokens free per account, then $0.12 per million tokens [S1]	About $0 to $1 (ESTIMATE: 2.5M tokens)
Business research: Google Places API (New), billed to your own Google Cloud account	Text Search IDs Only: no charge. Place Details Enterprise: 1,000 free monthly, then $20 per 1,000. Place Details Pro: 5,000 free, then $17 per 1,000 [S3]	$0 to $80 (ESTIMATE: 1,000 to 5,000 detail lookups)
Texting: Twilio (optional)	Number $1.15 per month; $0.0083 per SMS segment plus carrier fees of $0.0035 to $0.005; 10DLC registration fees apply [S8]	$0 to about $28 (ESTIMATE: 2,000 segments)
Total	*Excludes tax, domain, email mailbox, phone plan and 10DLC registration fees*	About $28 to $160 (ESTIMATE)

05 ILLUSTRATIVE ROI: WHAT IT TAKES TO PAY BACK

Formula: monthly commission = incremental funded deals per month × average funded amount × commission %. Break even deals = setup fee ÷ commission per deal. Payback months = setup fee ÷ (monthly commission minus running costs). Published ranges: MCA mostly 6 to 12 points, term loans 1 to 5% [S9]. Every input is an ESTIMATE or ASSUMPTION.

Input or result	Conservative	Base	Optimistic
Incremental funded deals per month (ASSUMPTION)	1	2	3
Average funded amount (ASSUMPTION)	$25,000	$40,000	$60,000
Commission % (ASSUMPTION)	4%	7%	10%
Commission per deal	$1,000	$2,800	$6,000
Monthly commission	$1,000	$5,600	$18,000
Less running costs (ESTIMATE, high end)	$160	$160	$160
Net per month	$840	$5,440	$17,840
Pro $8,500: break even deals | payback	8.5 deals | 10.1 months	3.0 deals | 1.6 months	1.4 deals | 0.5 months
Launch $4,500: break even deals | payback	4.5 deals | 5.4 months	1.6 deals | 0.8 months	0.8 deals | 0.3 months
Elite $14,500: break even deals | payback	14.5 deals | 17.3 months	5.2 deals | 2.7 months	2.4 deals | 0.8 months

ILLUSTRATIVE ONLY. NOT A PROJECTION OR EARNINGS CLAIM. Results are hypothetical examples using assumed inputs you can change. NEXORA does **not** guarantee leads, meetings, approvals, funded deals, commissions, or income. Figures are gross commissions before clawbacks, splits, taxes, lead spend, chargebacks, and the value of your time. Past or published industry commission ranges are not your results. Replace every input with your own numbers before relying on any payback arithmetic. This section is not financial, tax, or legal advice.

06 OWN IT, OR KEEP RENTING TOOLS AND BUYING LEADS

Option	Published cost (source)	What you get
NEXORA Funding OS, Pro	$8,500 once (PROPOSED) plus about $28 to $160 per month running (ESTIMATE)	All four components, in your own accounts
GoHighLevel Starter	$97 per month or $970 per year; usage fees extra [S10]	Rented CRM, funnels, site builder
HubSpot Sales Hub	Starter from $20 per seat per month; Professional $100 per seat per month plus $1,500 required onboarding [S11]	Rented CRM; no Florida lead engine
Salesforce	Starter Suite $25, Pro Suite $100, Core $195 per user per month [S12]	Rented CRM; you build the workflow
LendSaaS, Centrex, Lendflow; LendingTree style leads	No published price found; quote only. **UNKNOWN** [S13]	Lending platforms; marketplace leads
Buying leads (LoanLeads.io)	Exclusive real time $60 each (150 pack $9,000); shared $15 to $35; aged $0.20 to $1.00 per record, 5,000 minimum; plus 4% fee [S14]	Leads that are used up once worked

Three year arithmetic at list price, one seat: HubSpot Sales Hub Professional $5,100 (CRM only); GoHighLevel Starter $2,910; NEXORA Pro $8,500 + ($28 to $160) × 36 = $9,508 to $14,260 (ESTIMATE, all four components, owned). Not like for like: rented tools include vendor updates and support.

07 COMPLIANCE NOTE: GENERAL INFORMATION, NOT LEGAL ADVICE

- **TCPA (47 U.S.C. §227; 47 CFR §64.1200):** Prior express written consent is required before telemarketing or advertising calls or texts that use an autodialer or artificial or prerecorded voice to wireless numbers. The FCC's 2023 to 2024 "one to one" consent revision was vacated and is **not** current law; the restored PEWC definition applies (FCC final rule effective 29 Aug 2025) [S15]. Honor opt outs; from **25 Nov 2026**, FCC rules allow callers to designate certain exclusive revocation methods if clearly disclosed; design the CRM accordingly [S16]. This OS uses human sent messages and is built without an autodialer or prerecorded calling; you remain responsible for consent, content, and suppression.
- **Florida Telephone Solicitation Act, Fla. Stat. §501.059:** Where it applies (telephonic sales calls to **consumers** for consumer goods or services or consumer credit), automated or recorded sales calls and texts generally need prior express written consent. Separately, do **not** call, text, or voicemail any consumer, **business**, or donor who has asked not to be contacted (§501.059(5)). Transmit accurate caller ID. A call to a Florida area code is rebuttably presumed to reach a Florida resident or person in Florida (§501.059(8)(d)). B2B commercial financing outreach may fall outside the "telephonic sales call" definition; confirm with a Florida licensed attorney before texting or calling prospects [S17].
- **CAN-SPAM (15 U.S.C. §7704):** applies to commercial email, including to businesses: truthful headers and subject lines, a clear ad notice, a valid physical postal address, and a working opt out honored within 10 business days [S19].
- **Florida Commercial Financing Disclosure Law, Fla. Stat. §§559.961 to 559.9615:** Applies to covered commercial financing transactions of **$500,000 or less** consummated on or after **1 Jan 2024**, subject to listed exemptions (including providers with 5 or fewer Florida transactions in a 12 month period, and transactions over $500,000). **Providers** must give written cost disclosures (§559.9613). **Brokers** may not charge advance fees for brokering and must show their actual business address and telephone number in advertisements (§559.9614). Confirm whether your products and volume are in scope with a Florida licensed attorney [S18].
- **Google Maps Platform Terms §3.2.3 and Places Service Specific Terms:** No scraping; no copying or saving business names or addresses from Google Maps Content; place IDs may be stored; latitude and longitude may be cached up to 30 consecutive calendar days then deleted; Google Maps Content must not be used to train AI/ML models. §3.2.3(d) also restricts using Maps Core Services in a listings or directory service or to create or augment an advertising product; the Lead Finder is configured to store **place IDs only**, refresh details live with required attribution, and **not** build a permanent marketing directory from Google content. You must accept Google's Terms on **your** Google Cloud account [S4, S5, S6].

*The OS includes consent capture fields, opt out and suppression flags, and human sent message flows. **You** remain solely responsible for how you use it, including consent, do not call and do not contact checks, CAN-SPAM, TCPA, FTSA, Florida CFDL broker rules, Google, Twilio and Voyage terms, and funder disclosures. NEXORA Technologies Corp. is a technology vendor, **not a law firm, lender, or commercial financing broker**, and does not provide legal advice. Confirm your outreach and disclosure program with a **Florida licensed attorney** before launch. This sheet is general information only.*

08 YOUR NEXT STEP

Book a 30 minute discovery call. We confirm your products, funder relationships and target Florida counties, then send a fixed scope Statement of Work with your final tier price for signature. No payment is requested until both sides sign the scope.
